MANUFACTURED BY
CROSSE & BLACKWELL,
PURVEYORS TO THE QUEEN,
SOHO SQUARE, LONDON.

CROSSE & BLACKWELL'S
Renowned first-class Manufactures are obtainable from every respectable Provision Dealer in the World.

Purchasers desirous of being supplied with C. & B.'s goods, which are all of the best quality, and of a thoroughly wholesome character, should be careful to see that inferior articles are not substituted. Their genuine preparations bear their names and address upon the labels.

Their Pickles are all prepared in Pure Malt Vinegar boiled in Oak Vats, by means of PLATINUM STEAM COILS, thus avoiding all possibility of contact with COPPER, or any other injurious metal; and they are precisely similar in quality to those supplied by them for use at
HER MAJESTY'S TABLE.

Oxford Sausages, Patent Preserved Hams, Cheese and Bacon, Yorkshire Game and Pork Pates, Fresh Oysters in Tins, Salmon Cutlets, Whitebait, Fillets of Soles, Bologna Sausages, Herrings a la Sardines, Soups, Meats, and Vegetables in Tins. Fruits in Syrup, also in Noyeau and Brandy, Crystallized Fruits, all of which, as well as many articles too numerous to include in an advertisement, they can strongly recommend. Their Salad Oil is the finest imported.

C. & B. are AGENTS for LEA & PERRINS CELEBRATED WORCESTERSHIRE SAUCE, Carstairs' Sir Robert Peel's Sauce M. Soyer's Sauces, Relish and Aromatic Mustard, Payne's Royal Osborne Sauce, Captain White's Oriental Pickle, Curry Powder and Paste, and Mulligatawny Paste, Grimwade's Dessicated Milk, and for Mason's French Chocolate. eow

The Invalid's Friend.

HOLLOWAY'S PILLS!
Nervous Disorders.
What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters
If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and enewing suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.
In all diseases affecting these organs, whether they secrete too much or too little water, or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.
No medicine will so effectually improve the tone of the stomach as these Pills, they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds
No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers cleanse the blood from all impurities and thus fortify the system against consumption asthma, and other pulmonary complaints.

Debilitated Constitutions
In cases of debility, languor, and nervousness generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease re-establish the digestion, regulate all the secretions brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor.

Billousness, Loss of Appetite, Headache, and Lowness of Spirits.
These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Jaundice	Secondary Symptoms
Asthma	Dysentery	Liver Complaints	Tic-Douloureux
Billous Complaints	Erysipelas	Lumbago	Tumours
Blotches on the Skin	Female Irregularities	Piles	Ulcers
Bowel Complaints	Fevers of all kinds	Rheumatism	Venereal Affections
Colics	Fits	Retention of Urine	Worms of all kinds
Constipation of Bowels	Gout	Scrofula, or King's Evil	Weakness, from what ever cause &c., &c.
Consumption	Head-ache	Sore Throat	
Debility	Indigestion	Stone and Gravel	
	Inflammation

THE BRITISH COLONIST PUBLISHING COMPANY having received a large addition to their stock of new and beautiful Jobbing type, will execute orders to any extent with neatness and despatch, at a slight advance on San Francisco prices.

THE CONDITION OF CALIFORNIA.

Second only to the interest we are bound to take in our own industrial and commercial progress, is our interest in the trade and commerce of California. We are so intimately connected in many ways with this flourishing American State, that every information with regard to its general condition, is to us a matter of considerable importance. The statistical returns for the six months ending in June, just published by the San Francisco *Alta*, are as complete as they are instructive. We there find a condition of affairs in many respects similar to our own, with this exception, however, that our reactions, in the absence of substantial industries, bent the country almost to the dust, while theirs is in various instances compensated by the vigor of domestic production and manufacture. If we turn first to the mining interest, we shall find that there is a large decrease the present year in the exportation of the precious metals. In the first six months of 1864, the exportation of gold and silver was $7,000,000 more than during the six months ending last June. "This decline, however," says the *Alta* must not be ascribed to diminished production or lessened trade, since a considerable portion is due to the action of the Treasury. There had accumulated here a large amount collected for duties, and of this $5,000,000 was exported to London and New York by the Treasury, and sold for its account. The treasury reports credit '$2,799,920 premium on gold coin shipped to London.' This year $1,000,000 of the shipments are on the Treasury account; consequently of the decline in exports, $4,249,147 44 has been due to diminished commercial remittances." This, however, is not the full statement of affairs. While the decrease in the exportation has amounted to over $7,000,000, the increase in the production has risen to $1,800,000. Taking it altogether, the first six months of 1864 sent out of the country $8,000,000 more than the mines produced and the first six months of the present year has produced $1,500,000 more than has been sent away.

The imports of goods have suffered a decline of five per cent. on the six months, the last quarter showing a decrease of even thirty per cent. on the corresponding quarter last year. This state of affairs is attributed to the sudden closing of the war, which by opening out new fields in the South for the consumption of Northern manufactures decreased in a corresponding degree the desire to send ships to California. As an evidence of the falling off in this respect, the *Alta* says: "The table of vessels now on the way to this port shows barely one-half the number now out and due in average sixty days that were on the way at the same time last year."

The exports of produce have declined $891,000 for the six months. This is ascribed principally to the intense drought of the previous year, which affected the wool as well as the wheat crop. There is also another but more gratifying reason to the California people for the decline in the produce export, and that is the increasing capacity and trade of the wool factories in the State. These valuable "institutions" are making a greater demand on the raw material, and promise before the lapse of many years to drive away almost every description of outside competition. The exports of flour for the six months are $108,196, showing a decrease of $323,645; the exports of wheat, $1,003, showing a decrease of $673,692; of barley, $22,774, showing a decrease of $10,227; of oats, $3,687, showing a decrease of $45,435; of hides, $567,999, showing a decrease of $54,283; of tallow, $291, showing a decrease of $12,553; of quicksilver, $771,231, showing an increase of $127,863; and of wool, $551,351, showing an increase of $68,383. It will be seen there is a diminution in every one of the above exports but those of quicksilver and wool. The lumber export has increased $28,000. The exportation of imported merchandise has increased, and presents the significant fact for a heavy dutiable port, of being greater than the domestic produce exported. The total amount of the latter for the last six months is $2,840,698, and of the exported foreign and Eastern merchandise, $2,861,666. The total exports, including treasure, during the last six months is $27,294,057.

The freight values have decreased from $3,847,815 in 1864 to $3,670,723 in 1865. The number of immigrants has increased very slowly: while the first six months of last year showed 17,262 arrivals, and but 8,473 departures, the half year ending last June shows arrivals 11,462, and departures 10,948,—a rather insignificant addition of 514. On the whole we cannot congratulate our neighbors on their progress the present year. In the production and retention of bullion and in the development of home industries, they have made great strides ahead of 1864, but in the ordinary commercial transactions and in the increase of population, 1865 has proved but little brighter to California than it has to ourselves.

The Infallible Remedy.

Holloway's Ointment.

Contracted or Stiff Joints.

All the medicines in the London dispensaries would barely benefit, much less cure, any chronic cases of contracted or stiff joints; whereas if this invaluable ointment be effectually rubbed into such parts twice a day, the effects will be immense. Paralytic patients even can derive advantages from this fine remedy when other means fail.

Scorbutic Humours.—Scald Head and Skin Diseases.

Scorbutic humors arise from an impure state of the blood, and in most cases the liver and stomach are the organs at fault. The Pills will speedily restore these to a healthy action; while the Ointment if well rubbed in at least twice a day, will soon cure any case of skin disease. Soldiers, sailors, and miners, use this famous Ointment in all parts of the world.

Disorders of the Kidneys, Stone and Gravel.

In any of the above complaints more benefit may be derived in twenty-four hours by adopting the following simple means than is frequently brought about in six months by any other treatment. In bad cases if the Ointment be rubbed into the small of the back over the region of the kidneys, it will quickly penetrate, and, in most instances, give immediate relief. Six or eight of the Pills should be taken nightly according to circumstances.

Diptheria, Sore Throats, &c.

These maladies are of so serious and dangerous a nature that the Ointment would not be recommended unless the Proprietor was sure of its effect. It will cure when every other means have failed, if applied immediately, and not delayed until the patient is beyond recovery. It is a sovereign remedy for sore throat. Settled Coughs or wheezing will be promptly removed by rubbing in this unguent. Mothers should rub it into the chest of their infants whenever there is any hoarseness, tightness, or other affection of breathing.

Bad Legs, Bad Breasts.—Old Wounds, Sores and Ulcers.

It is surprising how quickly a sore, ulcer, or wound, deprives the body of strength, and unfits it for the duties of life; but it is no less wonderful to watch the effect of Holloway's Healing Ointment, when it is used according to the printed directions, and assisted by appropriate doses of the Pills. The pain, inflammation, and other morbid manifestations, soon disappear from the affected part and health and strength return.—This treatment creates sound flesh, and therefore makes its cures complete.

Gout and Rheumatism.

Will be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts. This treatment must be perseveringly followed for some time and duly assisted by powerful doses of Holloway's Pills. The essence of these diseases lies in the blood, which has floating through each vessel the pain-giving poison which vitiates and inflames every tissue it comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty and rheumatic maladies.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chilblains	Glandular Swellings
Bad Breasts	Chapped Hands	Lumbago
Burns	Corns (Soft)	Piles
Bunions	Cancers	Rheumatism
Bite of Mosquitoes and Sand-Flies	Contracted and Stiff Joints	Scalds
Coco-bay	Elephantiasis	Sore Nipples
Chiego-foot	Fistulas	Sore-throats
	Gout	Skin-diseases
		Scurvy
		Sore-heads
		Tumours
		Ulcers
		Wounds
		Yaws

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr. J. Collis Browne M.R.C.S.L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M's Consul at Manilla, dated Sept. 17, 1864:—"The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr. Burke I have saved several lives." Earl Russell communicated to the College of Physicians, that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.

From W. Vesalius Pettigrew, M. D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

Extract from the General Board of Health London, as to its efficacy in Cholera.

"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

CAUTION.—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Cholorodyne except in sealed bottles, having the words, "Dr. J. Collis Brownes' Chlorodyne" engraved on the wrapper. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, 33, Great Russell street, Bloomsbury, London. Sold in bottles, 2s. 9d. and 4s. 6d. ju24 1yw

NEW RIFLE COMPANY.—A meeting for the formation of a second company of Rifle Volunteers was held last night in Smith's Hall. From thirty to forty were present. Captain Lang took the chair, and explained that he was not there to take a prominent part in the movement, being to a certain extent outside of it. He said the movement was not at all hostile to the present company but with the intent to increase the volunteer force, and create a healthy feeling of rivalry between the two companies. Ensign Elliott added a few remarks, followed by Mr. J. R. Stewart, who suggested the formation of a committee to obtain names, and volunteered to give his services. The chairman said the oath of allegiance need offer no obstacle, as any volunteer could retire at 14 days' notice. Several other gentlemen spoke in favor of the movement, after which a roll was drawn up to which a dozen signatures were at once obtained. A committee consisting of Messrs. Robertson Stewart, Lewis, and Ewing, was then appointed, with power to add to their number, to obtain names, and the meeting adjourned till Tuesday evening next. We hope the movement will meet with a cordial response from the public.

SUPREME COURT—*Dawson v. G. B. Wright* Action for promissory note for $200, with interest; Mr. McCreight, instructed by Mr. Copland, for plaintiff, no defence. Judgment for plaintiff.... *E. G. Alston v. Quong Sing, et. al.*—This was an action for writ of ejectment brought by Mr. Alston, as agent for the Bishop of Columbia, against sundry Chinamen who had squatted on his lands near Foul Bay, and had refused either to pay rent or move off. Defendants had been allowed the use of the land for six months for nothing, with the understanding that they should at the expiration of that time move back on a new piece of land. The Celestials had made a very snug place of it, having built a house, cultivated a nice garden, raised a number of good hogs, 150 chickens, and burned a quantity of charcoal. The writ was granted, "John" not putting in an appearance till about five minutes too late. The Chinamen were ejected by the Sheriff yesterday afternoon.

FROM METLAHKATLAH — The Mission schooner Carolena, Captain Rudlin, arrived from Metlahkatlah last evening, having been 22 days on the way. She brings a cargo of furs, skins and oil. All is quiet and prosperous at the Mission settlement. The Indians have a large extent of land under crop this season, and most of the houses have little gardens in front. Mr. Cunningham is at Naas river forming a new settlement. A carpenter, named Bill Graham, is building a small schooner at Nass. The Carolena saw the Labouchere at Fort Simpson.

THE OVERLAND TELEGRAPH—The line of this company is fast progressing, being completed from New Westminster to the Popcum Ranch, 23 miles below Hope. with the exception of 6 or 7 miles at the Matsqui prairie, on which portion a party is now working. It will be finished as soon as the timber clearing is made. Above Yale the line is completed and working 180 miles. It is expected that communication will be had through from New Westminster to Alexandria in about three weeks.

FROM SITKA—The Telegraph Company's bark Clara Bell will sail from Sitka for this port on the arrival up of Col. Bulkley, when she will probably be loaded with coal by Messrs. Edgar & Aime, the agents of the company in Victoria, and sent north again. The Clara Bell is a very fine clipper bark, and made the passage from New York to Sitka in the extraordinary quick time of 135 days.

ACCIDENT.—While a party of men were endeavoring to raise a large boiler which is lying on a barge at James Bay Bridge, part of the tackle gave way and the boiler came down on the thumb of a man named Stratton, and completely severed it from the hand. Dr. Dickson was at once called in and replaced the mutilated member, stitching it on as carefully as possible, and it is hoped it may be re-united to the hand.

THE HEATED TERM—The thermometer stood at 92° under a verandah on the west side of Government street yesterday, while one exposed to the sun for a few minutes rose to 110°. At Saanich for several days past it has stood at 86° in the shade. Last summer, however, showed a much greater heat in that locality, the thermometer standing at 95°.

TRIAL TRIP—Captain Irving's new steamer Onward having received all her machinery on board took a short trial trip round the harbor yesterday afternoon, which resulted to the satisfaction of the owner. She will sail for New Westminster this afternoon, and will replace the Reliance on the Yale route.

MECHANICS' INSTITUTE — The Managing Committee of the Mechanics' Institute have appointed Mr. J. W. Weeks assistant hon. secretary during the absence of Mr. E. G. Alston in England.

THE GOLDSTREAM QUARTZ CRUSHING CO. was wound up yesterday, and the money in hand paid over to the shareholders.

H. M. S. SUTLEJ was cruising in the Straits yesterday, with His Excellency Governor Kennedy and some of his family on board.

THE POLICE COURT presented a blank calendar this morning.

"SOZODONT" is now attracting very considerable attention, and well it may. The article represented by this musical name is one of the best preparations for the *teeth* and *gums* that has ever been offered to the public. We have been familar with its results for some years past, and have never known a case in which its use was not pleasing and highly satisfactory. It polishes the teeth, hardens the gums, and gives a wholesome tone to the *mouth* and *breath.*—*Providence Daily Press.*

NEWS FROM STEKIN.

From a miner who arrived from Stekin by the schooner Carolena, last night, we obtain the following particulars regarding mining operations in that region. Our informant left the mines on the 26th of May, having been only a fortnight there; when he left there were thirteen white men at the mines, who were divided into two parties; one, consisting of Charley Brown, Jim Schaff, Jim Ogland, Dick Campbell, and two others, named Frank and Dirty Dick, were making from $8 to $12 per day to the hand by sluicing. The other party, consisting of Buck Choquette and his partners, were making about $8 per day each. A man named Collins was working on Carpenter's Bar, making $6 per day. All the miners intended to winter on the river.

The mines are about 175 miles up the river. The weather was splendid during our informant's stay, and the health of the miners was good, grub being plenty, with abundance of fresh meat supplied by the hunters. The Stick Indians, who occupy the country on the upper Stekin, are very peaceable and friendly to the whites, and seem very glad to have them among them. The Stekin Indians on the lower river, are on the contrary saucy and rather unfriendly.

Some of the miners have got a pretty good swag of dust and intend to lay in a stock of provisions in order to enable them to prospect the headwaters of the North Fork. Charley Brown's woman was down at the mouth of Stekin with $250 in dust to buy grub from the Labouchere. Jim Schaff had visited the head of the North Fork last winter, and found a large flat which prospected 8 to 10 cents to the pan all through, and his party intend giving it a trial as soon as they can get up supplies. The miners were looking out for the arrival of the Telegraph Exploring Expedition.

THE STEAMSHIP DISASTER.

Victoria, August 3d, 1865.

TO THE EDITOR OF THE BRITISH COLONIST,—SIR,—I have read an article in your issue of this morning upon the reported loss of the steamship Brother Jonathan, which however just in many of its remarks, will not, I believe, tend to relieve the terrible anxiety of those who are supposed to have had friends or relatives on board. I was a passenger on board the Brother Jonathan from San Francisco but two trips back, and it may not be inconvenient to the public that I should state facts which during that trip came either to my knowledge or within my personal observation.

The vessel then carried, and I believe always carried, six, if not seven boats. Four of these were hoisted up, two immediately abaft the paddle boxes, and two on the quarters, and could be readily lowered into the water. Other two, which were metal life boats, were stowed bottom up on the upper deck, and with a sufficiency of hands at command and a small amount of professional knowledge, could be put in the water without any very serious delay. These boats collectively would, I think, if the water were smooth, which it most likely was at this season of the year, hold on an emergency about 250 persons. The ship was well supplied with life preservers. They were in every cabin, and in other available positions. According to her Certificate of Inspection she was built at San Francisco in 1861 or 1862, I forget now which, but at all events subsequently to the date of the disaster which befel the Commodore in 1858, to which you allude, and when speaking to the chief officer on this subject he assured me that the vessel was to all intents and purposes a new vessel, and as staunch as any afloat, having been entirely rebuilt from her kelson upwards.

I have, myself, been at sea in almost every class of vessel, and although, while I was on board the Jonathan, we had not what sailors would call "bad weather," still our passage was anything but a smooth water one. At the entrance of the Straits of Fuca especially, we encountered for some hours a very trying cross sea, and I have no hesitation in saying that I believe the Jonathan, if properly handled, to have been a good and safe sea boat. Her commander, Captain De Wolfe, and her chief officer, were unquestionably true sailors; ever watchful, careful and cool, and men in whom I would place every confidence in time of danger. They had both been on the coast for years, and were intimately acquainted with its navigation.

I cannot, under these circumstances, believe that so many lives have been lost as reported; and, if the report of the calamity be true at all, I trust that any present impression that many more must have been saved by the boats of the vessel, will prove to be not unfounded. The report says nothing of the *sinking* of the ship. Her certificate declared she was well found in pumps, and it seems to me that at present there is really nothing against the reasonable surmise that being so close to the shore she may have been run on the beach, as was the Northerner some years back, when comparatively few persons were drowned.

It is not necessary for me here to comment on the overburthening of vessels upon this coast, with passengers and cargo. The passenger laws of the United States are as good and stringent as those of any other country. The evil lies in the impunity with which those laws can be disregarded. Nor need I allude to the fact that an intimate acquaintance with a dangerous navigation frequently engenders a confidence which begets danger. My sole object in now addressing you, is to place before you certain facts which may, I trust, be the means of soothing the public mind until further particulars are obtained of a calamity so dreadful.

I have the honor to remain,
Your obdt. servt.,
WILLIAM A. G. YOUNG.

THE HORSE FLY PROSPECTING EXPEDITION.

(From the Sentinel.)

We have received the following interesting account of the labors of the exploring party through the Horse Fly country:

On the 6th of June we left Summer's farm, which is situated at the junction of Moffat's creek with the main Horse Fly. First made an attempt to cross the main stream but found it too high to risk. Mr. Summers then kindly sent an Indian with a couple of horses to take our 500 pounds of grub and personal effects to a place known as the Wood-pile, which we reached by a circuitous route of 10 miles late in the afternoon and camped on a prairie. The following morning we crossed to the north bank. The main river is about 60 yards wide and in places deep; it at first appears to flow from a southerly direction, gradually turning to the east and then suddenly veering to northeast and north, northeast as we ascend it. In traveling the distance of 55 or 60 miles, which we judge the Bald Mountain to be, we passed many creeks, which we prospected, invariably finding gold, but the water was too high to get to the channel. The creeks near the Bald Mountain were generally shallow, with the bare bed-rock of slate exposed in many places. The small mountain chain separating the Horse Fly River from the Horse Fly Lake is not high, comparatively, and is round or rolling, being thickly wooded from the bank of the river to the summit. The streams on this range are the ones we have been prospecting and intend to prospect further. I believe in the distance of sixty miles we only saw four small prairies, which were covered with nourishing grass. There is a fifth prairie immediately under the Bald Mountain which is divided by two or three narrow belts of timber. We all ascended the mountain, which I judge to be three or four thousand feet above the level of the lake—it might be more. We had a magnificent view of the surrounding country Saw the Horse Fly Lake immediately under our feet; the great South Fork Quesnelle lake was distinctly seen. At the eastern extremity of Horse Fly lake a portage of a couple of miles only divides the two lakes. On the strip of land dividing the two lakes there is a mountain lake some five or six miles in length, but narrow. To the east of us some eight or ten miles, towered a chain of formidable, jagged-peaked, snow-clad mountains, as if all thrown together in one mass, and showing only their pointed heads. The North Fork of Horse Fly breaks through this from a N. N. E. direction, leaving only a razor-backed ridge between it and the great Quesnelle lake. Five miles distant saw the junction of the middle Forks, first winding from the eastward, but gradually inclining from a southerly direction. This river the party commenced to follow up for 30 miles; at about 25 miles it forks; the main stream is blue from the quantity of pulverized slate; the high banks were also of the same color. In the bed of the stream was a quantity of large boulders, and massive blocks of quartz; prospected the two streams, but strange to say we could not get the color. In spots the bed-rock was exposed. From the quantity of drift timber in the streams, it is evident they must have shifted their course frequently. Our provisions being now exhausted, we commenced our return to Summers' farm on the 2nd July, which place we reached on the evening of the 5th.

EPSOM RACES—THE DERBY DAY.

WEDNESDAY, MAY 31.

This, the 86th anniversary of the Derby, will long be memorable in racing annals. Racing, from a natural association of ideas, has grown to be regarded as so peculiarly an English sport, that it was with little short of astonishment at the temerity of the undertaking that men first heard of the intention of foreigners seriously to compete with us for honors. Frenchmen, however, have been found not only to assert their right to pre-eminence on their own race-courses, but with characteristic daring to carry the contest into our own borders; and, upon what has been hitherto the distinctively English race-course of Epsom, to put forward their claims to the blue ribbon of the Turf. The withdrawal, from one cause or other, of horses as to whose performance favorable anticipations had been formed, gave increased prominence to the new comers, of whom the most formidable, Gladiateur, proved as successful at Newmarket that he sprang at once into the position of favorite for the Derby. The knowledge that the international contest thus impending was to be fairly tried out naturally added to the attraction which Epsom, like some potent magnet, always exercises upon Derby-day.

There was as much rank and fashion drawn together as on any former occasion—probably more, for the ordinary occupants of the Grand Stand and other "coignes of vantage" were largely reinforced by the more distinguished of the French residents in London, ardently desiring the success of the Count de Lagrange. In fact whether in the train, in the vicinity of private carriages, on the roof of the Grand Stand, or in the refreshment rooms, the emphatic roll of the letter "r-r-r" betrayed the close proximity of our great allies, whose attachment to *le sport* has sometimes furnished occasion for mirth, but who must henceforward be recognized not only as worthy, but as successful rivals From about one o'clock the roll of carriages to the back of the Grand Stand was incessant, and from among their occupants a full quorum of members of either branch of the legislature might have been formed without difficulty. His Royal Highness the Prince of Wales reached the course shortly after half-past one o'clock, having driven from town in an open carriage with four horses and two postillions, not to be distinguished by their livery from those attached to any ordinary equipage. His Royal Highness was accompanied by the Duke de Brabant, an officer of the duke's household, and Lord Alfred Paget; and immediately following the royal party was a private carriage driven by his Royal Highness the Commander-in-Chief. The Prince of Wales left town about half past 11 o'clock, and made such good progress on the road that he reached the Grand Stand before some of the officers of his household who were to have preceded him by railway

The day, though pleasantly cool, was fine, and the predictions of all the weather-wise, even of the oldest whips upon the road, that rain would fall, and that in abundance, were utterly falsified.

Leaving the paddock, the horses, to the number of thirty, came in front of the Grand Stand for their preliminary canter. Among the first to show themselves were Gladiateur and LeMandarin, both of whom were warmly welcomed. A considerable interval elapsed before Breadalbane made his appearance, but when he came forward, accompanied by Broomielaw, his backers likewise seemed encouraged by his appearance. There were some of course among the crowd who having backed particular horses concentrated their attention on them; but the great mass of the spectators had eyes or ears for nothing except the two horses accepted as representatives of the two nations. The canter up the hill showed a slight but still a decided advantage of temper on the side of the French horse. Grimshaw, his jockey, was conversing with somebody when LeMandarin started off in advance; Gladiateur followed instinctively and with good will. Breadalbane on the contrary, when his time came, threw back his ears, and was a second or two in settling into his stride. The canter down hill was still more decidedly in favor of the French horse. His action throughout was so smooth and regular and sweeping that most persons made up their minds there and then as to the probable result of the race. The starting was attended with a considerable amount of vexation and with one unfortunate accident. Sharpe, the rider of Mr. White's Joker, being thrown from his seat and so much injured that, although he was able to rise from the ground, he did not attempt to take part in the race, and the horse was accordingly led back to the paddock.

THE RACE.

At last, just as the clock was about to strike four, the horses got away together, and till the ascent, or first half mile, had been traversed, there was not a symptom of lagging on the part of any. Round the corner they swept at a tremendous pace, and then one dropped back a little, and a knot of four or five stood out a length in advance. There were fewer dark colors than usual in the group, and consequently it was not easy to distinguish the position of the favorites; but as there were two or three patches of red well to the front, and as Gladiateur's jockey wore red sleeves and cap, while Breadalbane's colors were "all rose," the excitement grew absolutely feverish. In the straight run home none of the familiar colors occupied the expected position; and, until just touching the grand stand, Christmas Carol and Eltham, running their very best, appeared to have matters their own way. The width of the grand stand, however, determined the race. With a sudden rush Gladiateur disentangled himself from the knot of horses that concealed him from view, passed first one, then another, and finally drew abreast of the leader himself. Grimshaw seemed to expect that he would have to rush for it against Christmas Carol, and in that expectation raised his whip and gave one stroke to the favorite, who responded with a stride that despite previous performances, seemed almost supernatural. Christmas Carol, on the contrary, was able to keep his pace, but no more, and Gladiateur accordingly shot in an easy winner by a couple of lengths. Eltham was third; Longdown an indifferent fourth.

Betting—5 to 2 against Gladiateur, 7 to 2 against Breadalbane, 10 to 1 each against Longdown and Archimedes, 11 to 1 against Oppressor, 14 to 1 against Wild Charley, 20 to 1 against Christmas Carol, 25 to 1 against Zephyr. 40 to 1 against Bedminster, 50 to 1 against Bramah, Ariel, Broomielaw, and Tilt, 1000 to 12 against Kangaroo, 1000 to 10 each against King Charming, Olmar, Farewell, and Friday, 1000 to 8 each against Roderick Random and Eltham, and 1000 to 5 against Richmond.

The 86th Derby Stakes of 50 sovs. each, h. ft., for three year olds; colts, 8st 10lb, and fillies, 8st 5lb; the second horse to receive 100 sovs out of the stakes. Mile and a-half. 249 subs. Value, £6,875.

The following also ran: Todleben, Le Mandarin, Archimedes, Roderick Random, Zephyr, Breadalbane, Broomielaw, Wild Charley, Oppressor, Kangaroo, Audax, Bedminster, Tilt, Nutfinder, Ariel, Rifle, Puebla, Brahma, King Charming, Olmar, Farewell, The First Born, Friday, Richmond, and Kate Hampton.

The preliminary canters having been taken by the thirty competitors, who were scanned with most eager curiosity by those having investments upon the issue, they made the best of their way to the post. Here a long delay took place, as usual, through the over anxiety of several of the riders to secure places, and the disinclination evinced by Broomielaw, Rifle and Christmas Carol to join the horses, and it was just on the stroke of four before Mr. McGeorge was enabled to effect an equitable start, after nine failures. When fairly on the wing, Wild Charley assumed the lead, but before they had proceeded a dozen strides he was pulled back, and the running was taken up by Tilt on the extreme right, closely followed by Eltham, Oppressor, Roderick Random, Christmas Carol, and Broomielaw in a body, and a couple or three lengths in their rear were observed Kate Hampton, Todleben, Archimedes, Longdown, LeMandarin, Brahma and Zephyr, who headed the next division, in the centre of which were the favorite, Breadalbane, Audax, Wild Charley and Kangaroo, the rear being brought up by Farewell, First Born and Richmond. They proceeded in these positions at a great pace through the furze to the mile-post, where Tilt gradually gave way, and as they commenced the descent of the hill Eltham, next the rails, was clearly seen in advance, having Christmas Carol in attendance, the pair being followed by Broomielaw, Todleben, Longdown, Kate Hampton and Ajax to the three quarter mile post, when Gladiateur came through his horses, followed by Wild Charley and Archimedes, who came up on the right, but in a few strides further something struck into the heels of Mr. Merry's colt, which sent him staggering against Archimedes and Audax, who cannoned against the favorite and completely knocked him out of his stride, and but for the timely attention paid by Edwards to Challoner's caution by pulling off and letting Grimshaw through, his chance would have been entirely destroyed, and in consequence Grimshaw had to ease him, and bide his time until he was fairly landed in the straight.—Rounding the bend Broomielaw took a slight lead of Eltham and Christmas Carol on the lower ground, having Todleben wide of the right, and close in his rear came Longdown, Archimedes, Brahma, Gladiateur, Oppressor, Ariel, and Almar, to the road, where the favorite crept up, and on reaching the distance Broomielaw having run himself out, gave way, and Christmas Carol then assumed the lead, having Eltham on the right, the pair running locked together to half way up, when Grimshaw, having steadied his horse, came with a rush, and, heading the two in the next few strides, won in a canter by two lengths, Christmas Carol defeated Eltham by a length for second, Longdown was fourth, beaten by a couple of lengths from the latter. Broomielaw was fifth, Todleben sixth, Archimedes seventh, Breadalbane, who ran unkindly throughout, finished next, a long way off. Then came Brahma, Oppressor, Olmar, Ariel, Kate Hampton, and Audax in a body; the rear division comprising King Charming, Kangaroo, Wild Charley, Richmond, and Bedminster, the last of whom broke down badly half a mile from home.

The sensation produced when it was made known that the French horse had actually won, was something indescribable. The barriers burst like so many cobwebs, and fully half the spectators present flocked on to the race course, so that from the paddock well nigh to Tottenham corner there was one dense, swarming, excited mass of humanity. The utmost efforts of the police with difficulty sufficed to clear and keep the space requisite for unsaddling, and, although there appeared to be no visible need for the precaution, Gladiateur was escorted into this area by a force of mounted constabulary His jockey was repeatedly and very cordially cheered, and the friends of Count de Lagrange applauded again and again.

The time occupied in running the race was taken by Benson's marking chronograph, the instrument adopted on all these occasions as an infallible record, and was found to be 2 minutes 45 seconds exactly. Next to accuracy in point of time, a photograph on a large scale is now considered indispensable. It is, therefore, gratifying to add, that Mr. Herbert Watkins, who has much experience in this branch, succeeded in preserving some of the main features of this most remarkable contest.—*English paper.*

LICENSING COURT.—The Monthly Petty Licensing session was held in the Police Court yesterday, A. F. Pemberton, Esq. and Mayor Harris on the Bench. The following retail liquor licenses were granted: David Hart, Yates street; Phillip Hall, Fort street; (arrears to be paid up) Philip Smith, Pony Saloon; Glover & Sager, Island Hotel; the Royal Exchange license was transferred from Dogherty & Glover to W. M. Gibbs; the following were refused:—Peter Lind, South Saanich, and H. Henley, to be changed from town to country.

THE LATE STEAMBOAT COLLISION.—Chief Justice Cameron, in reply to a motion made before him yesterday, will in a few days appoint Assessors in the case of the Fideliter vs. the Alexandra. The case will be brought on in the Admiralty Court in a short time.

HOLLOWAY'S OINTMENT AND PILLS.—Fistulas, Piles, Excoriations, and Strictures, are speedily relieved and ultimately removed by applying this Ointment after fomentation with warm water. Persons suffering from these scourges of the human frame should arrest their progress at once, for it is both insidious and rapid. Fistulas, if long allowed to go on unchecked, not only weaken the nervous system, but destroy life. The sooner these inestimable remedies are used the more certain is success; yet none should despair, hopeless cases have often yielded, and the sufferer has been saved a painful death. In excoriations, a few applications of this healing Ointment effect a cure, while the Pills, conjointly used, are especially beneficial in relaxing and removing strictures, whatever their situation or duration.

HOLLOWAY'S PILLS AND OINTMENT—Stomach and Kidneys. Between these two organs there exists a close and intimate relation which is demonstrated by the wasting which occurs in all diseases afflicting the kidneys. The disordered stomach is often the first index of renal irregularity. Holloway's remedies used at that juncture would cut short many a serious and fatal attack. They act with wonderful efficacy on every organ of secretion, but especially do they regulate the stomach, liver and kidneys, in restoring their healthy functions, and casting out any obstructions or impurities. It is necessary for the ointment to be well rubbed into the small of the back twice daily, when it is absorbed, and greatly augments the purifying and salutary influence of the Pills.

HOLLOWAY'S PILLS.—A Remedy for Bilious and Liver Complaints.—Those who suffer from bile and liver complaints should try the effects of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, remove all impurities, give a healthy action to the liver, and strengthen the stomach. If bilious attacks be allowed to continue without using such a preventative, more serious casualties may arise, and the sufferer be consigned to a bed of sickness Holloway's Pills are an extraordinary remedy acting immediately in the removal of acidity of the stomach, indigestion, debility, and nausea preparing the food thoroughly for assimilation rendering each tributary organ perfect in its function, and stimulating the kidneys

HOLLOWAY'S OINTMENT AND PILLS, a certain remedy for diseases of the skin—Ringworm, scurvy, scrofula, or king's evil, sore heads, and the most inveterate skin diseases to which the human race is subject, cannot be treated with a more safe and speedy remedy than Holloway's Ointment and Pills, which act so peculiarly on the constitution, and so purify the blood that those diseases are eradicated from the system, and a lasting cure is obtained. They are equally efficacious in the cure of tumours, burns, scalds, glandular swellings, ulcerous wounds, rheumatism, contracted and stiff joints. These medicines operate mildly and surely. The cure effected by them is not temporary or apparent only, but complete and permanent.

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and allowing suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds

No diseases are more frequent, few more dangerous, than affections of the respiratory organs The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing, and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions

In cases of debility, languor, and nervousness generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease re-establish the digestion, regulate all the secretions brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor.

Billousness, Loss of Appetite, Headache, and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Jaundice	Secondary Symptoms
Asthma	Dysentery	Liver Complaints	Tic-Douloureux
Bilious Complaints	Erysipelas	Lumbago	Tumours
Blotches on the Skin	Female Irregularities	Piles	Ulcers
Bowel Complaints	Fevers of all kinds	Rheumatism	Venereal Affections
Colics	Fits	Retention of Urine	Worms of all kinds
Constipation of Bowels	Gout	Scrofula, or King's Evil	Weakness, from whatever cause
Consumption	Head-ache	Sore Throat	&c., &c.
Debility	Indigestion	Stone and Gravel	
	Inflammation

The Infallible Remedy.

Holloway's Ointment.

Contracted or Stiff Joints.

All the medicines in the London dispensaries would barely benefit, much less cure, any chronic cases of contracted or stiff joints; whereas if this invaluable ointment be effectually rubbed into such parts twice a day, the effects will be immense. Paralytic patients even can derive advantages from this fine remedy when other means fail.

Scorbutic Humours.—Scald Head and Skin Diseases.

Scorbutic humors arise from an impure state of the blood, and in most cases the liver and stomach are the organs at fault. The Pills will speedily restore these to a healthy action; while the Ointment if well rubbed in at least twice a day, will soon cure any case of skin disease. Soldiers, sailors, and miners, use this famous Ointment in all parts of the world.

Disorders of the Kidneys, Stone and Gravel

In any of the above complaints more benefit may be derived in twenty-four hours by adopting the following simple means than is frequently brought about in six months by any other treatment. In bad cases if the Ointment be rubbed into the small of the back over the region of the kidneys, it will quickly penetrate, and, in most instances, give immediate relief. Six or eight of the Pills should be taken nightly according to circumstances.

Diptheria, Sore Throats, &c.

These maladies are of so serious and dangerous a nature that the Ointment would not be recommended unless the Proprietor was sure of its effect. It will cure when every other means have failed, if applied immediately, and not delayed until the patient is beyond recovery. It is a sovereign remedy for sore throat. Settled Coughs or wheezing will be promptly removed by rubbing in this unguent. Mothers should rub it into the chest of their infants whenever there is any hoarseness, tightness, or other affection of breathing.

Bad Legs, Bad Breasts.—Old Wounds, Sores and Ulcers.

It is surprising how quickly a sore, ulcer, or wound, deprives the body of strength, and unfits it for the duties of life; but it is no less wonderful to watch the effect of Holloway's Healing Ointment, when it is used according to the printed directions, and assisted by appropriate doses of the Pills. The pain, inflammation, and other morbid manifestations, soon disappear from the affected part and health and strength return.—This treatment creates sound flesh, and therefore makes its cures complete.

Gout and Rheumatism.

Will be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts. This treatment must be perseveringly followed for some time and duly assisted by powerful doses of Holloway's Pills. The essence of these diseases lies in the blood, which has floating through each vessel the pain-giving poison which vitiates and inflames every tissue it comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty and rheumatic maladies.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chilblains	Glandular Swellings	Sore-throats
Bad Breasts	Chapped Hands	Lumbago	Skin-diseases
Burns	Corns (Soft)	Piles	Scurvy
Bunions	Cancers	Rheumatism	Sore-heads
Bite of Mosquitoes and Sand-Flies	Contracted and Stiff Joints	Scalds	Tumours
Coco-bay	Elephantiasis	Sore Nipples	Ulcers
Chiego-foot	Fistulas		Wounds

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 862

"As a sample of English clockwork on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be fitted with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A triumph of ingenuity.—*Telegraph*, March 31, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"Some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands." *Times*, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—*Illustrated London News* November 8th, 862

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr. J Collis Browne M.R.C.S.L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M.'s Consul at Manilla, dated Sept. 17, 1864:—"The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr. Burke I have saved several lives." Earl Russell communicated to the College of Physicians, that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.

From W. Vesalius Pettigrew, M.D., Hon. F.R.C.S England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

Extract from the General Board of Health London, as to its efficacy in Cholera.

"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

CAUTION.—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Chlorodyne except in sealed bottles, having the words, "Dr. J. Collis Browne's Chlorodyne" engraved on the wrapper. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, 33, Great Russell street, Bloomsbury, London. Sold in bottles, 2s. 9d. and 4s. 6d. ju24 1yw

DR. RADWAY'S PILLS.

ARE THE BEST PURGATIVE PILLS.
ARE THE BEST PURGATIVE PILLS.
ARE THE BEST PURGATIVE PILLS.
NO STRAINING.
NO GRIPING.
NO TENESMUS.
NO PILES.

NO FALSE CALLS TO THE WATER CLOSET.

BUT A BRISK AND THOROUGH EVACUATION FROM THE BOWELS IS ALWAYS SECURED.

Newly Discovered Principles in Purgatives.

Dr. Radway's Pills are the best Purgative Pills in the world, and the only Vegetable Substitute for Calomel or Mercury ever discovered. They are composed of VEGETABLE EXTRACTS FROM ROOTS, HERBS, PLANTS, GUMS, SEEDS, FLOWERS, BARKS, FRUITS AND WEEDS, PREPARED IN VACUO.

One grain of the extract of the medicinal properties of Radway's Pills, possess a greater curative power over disease than a thousand of the crude and inert materials that enter into all other pills in use. These Pills are compounded of the active medicinal properties of the Roots, Herbs, Plants, Flowers, Gums, &c. of which they are composed. One dose will prove their superiority to all other pills They

PURGE, CLEANSE, PURIFY, HEAL,
SOOTHE, CALM, STRENGTHEN,
INVIGORATE,
And REGULATE THE SYSTEM.

Their Great Combinations.

They are Aperient, Tonic, Laxative, Alterative, Stimulant Counter Irritant, Sudorific.

AS EVACUANTS,

They are more certain and thorough than the Drastic Pills of Aloes, or Croton or Barlein Oil, or Elaterium; and more soothing and healing than Senna, or Rhubarb, or Tamarinds, or Castor Oil.

IN SUDDEN ATTACKS OF

Inflammation of the Bowels or Stomach, Liver, Spleen, Pancreas or Kidneys, Bilious Cholic or Bilious Fever, Erysipelas or Congestive Fever, Small Pox, Measles, or Scarlet Fever,

SIX TO EIGHT OF DR. RADWAY'S REGULATING PILLS WILL PURGE THESE DISEASES FROM THE SYSTEM IN SIX HOURS.

One dose of Dr. Radway's Pills will cleanse the intestinal canal, and purge from the bowels all offending and retained humors, as thoroughly as lobelia or the best approved emetic will cleanse the stomach, without producing inflammation, irritation weakness,

STRAINING,

or other unpleasant symptoms. There are no other purgative pills in the world that will secure this desideratum.

BETTER THAN CALOMEL OR BLUE PILL.
BETTER THAN CALOMEL OR BLUE PILL.
BETTER THAN CALOMEL OR BLUE PILL.

AS ALTERATIVES,

They exercise a more powerful influence over the liver and its secretions than calomel, mercury, blue pill, hence their importance in cases of Liver Complaints and Spleen Difficulties, Jaundice, Dyspepsia, Bilious attacks, Headache, &c. In the treatment of Fevers, either Bilious, Yellow, Typhoid, and other reducing Fevers, they are superior to quinine. Their influence extends over the entire system, controlling, strengthening, and bracing up the relaxed and wasting energies, and regulating all the secretions to the natural performance of their duties, cleansing and purifying the blood, and purging from the system all diseased deposits and impure humors.

DR. RADWAY'S PILLS.

ONE TO SIX BOXES WILL CURE

Costiveness,	Jaundice,	Rush of Blood to the Head,
Constipation,	Congst'e Fever,	Obstructions,
Congestion,	Sleepiness,	Dropsy,
Heart Disease,	Gen'l Debility,	Acute Erysipels,
Diseases of Kidney & Bladder.	Dimness of Sight	Headache,
Disease of Liver,	Fits,	Bad Breath,
Biliousness,	Lown's of Spirits	Inflama'n of the Intestines,
Typhus Fever,	Quinsey,	Apoplexy,
Ship Fever,	Dyspepsia,	Enlargement of the Spleen,
Malign't Fever,	Measles,	Scurvy,
Loss of Appetite,	Melancholy,	Whoop'g Cough
Indigestion,	Hysterics,	Worms,
Inflammation,	Amenorrhœa,	Bad Dreams,
Palpitations,	Fainting,	Pleurisy.
Scarlet Fever,	Dizziness,	
Bilious Fever,	Retention of Urine,	

If afflicted with either of the above named diseases, "one or two" boxes of Dr. Radway's Pills will cure you. By taking a few doses of the common Drastic Pills—that gripe and pinch you when they operate—you may obtain temporary relief; but if you stop taking these imperfect pills for a week or a month, your old complaint returns. Now, this is not the method of cure indicated by Dr. Radway's Pills. They make a perfect cure, and the patient will not require any more medicine.

PILES, STRAINING AND TENESMUS,
PILES, STRAINING AND TENESMUS.

Are the results of Inflammation or irritation of the mucous membrane of the bowels, induced by drastic pills—those imperfect pills, instead of being dissolved by the chile, are carried to the lower bowels, and induce a peristaltic movement or evacuation by their irritation—hence the straining, cramps, wrenching pains, piles and tenesmus, and the frequent false calls to the water closet, that patients undergo who take these imperfect pills.

If you would avoid these annoyances, whenever a purgative medicine is required, take a dose of

RADWAY'S REGULATING PILLS.

THEY WILL PURGE THOROUGHLY AND LEAVE THE BOWELS REGULAR.

Persons afflicted with Piles, may rely on a positive cure by their use.

COATED WITH GUM.
COATED WITH GUM.
COATED WITH GUM.

Dr. Radway's Pills are elegantly Coated with Gum, are free from taste or smell, can be taken at all times and on all occasions. No danger will result from colds, if exposed to wet or damp weather after taking these pills.

SIX OF RADWAY'S PILLS

Have secured a vigorous evacuation, in severe cases of Inflammation of the Bowels, Paralysis, &c., after Croton Oil, Harlem Oil, injections and other means completely failed. A dose of Radway's Pills will remove all obstructions, and secure a free passage. Directions for use are inside each box. Price per box, 25 cents. Sold by Druggists, Medicine Dealers, and Storekeepers.

N. B.—Every Agent has been furnished with *fresh* and new made Pills. As each box is enclosed with a Steel Engraved Label, take none others.

MEDICAL ASSISTANCE.

RADWAY'S READY RELIEF.

THE GREAT EXTERNAL AND INTERNAL REMEDY,

STOPS THE MOST EXCRUCIATING PAIN IN A FEW MINUTES,

AND

RAPIDLY CURES THE PATIENT.

RADWAY'S READY RELIEF

Proves its superiority to all other Medicines at once.

ITS FIRST INDICATION

Is to relieve the sufferer of PAIN, no matter from what cause it may originate, or where it may be seated.

If in the Head, Face, or Throat;
If in the Back, Spine, or Shoulder;
If in the Arms, Breast, or Side;
If in the Joints, Limbs, or Muscles;
If in the Nerves, Teeth, or Ears;

Or in any other part of the body, its application to the part or parts where the pain exists will afford immediate relief.

IF SEIZED WITH PAIN

In the Stomach, Bowels, or Kidneys;
In the Bladder, Spleen, or Liver;
In the Teeth, Ears, or Throat;
In the Brain or Nervous System;

One teaspoonful of RADWAY'S READY RELIEF to a wineglass of water will, in a few minutes, restore the patient to ease and comfort.

If Lame, Crippled, or Bed-ridden;
If Palsied, Scalded, or Burned;
If Bruised, Wounded, or Cut;
If Strained, Injured, or Disabled;
If Sun Stroke, or seized with Fits;
If Weak in the Spine or Back;

RADWAY'S READY RELIEF

should be applied to the part or parts afflicted. It instantly relieves the patient from pain, and quickly heals, soothes, and strengthens the disabled parts. In all cases of Bites of Rabid Dogs, Reptiles, Stings of Poisonous Insects, the application of RADWAY'S READY RELIEF to the wound will prevent inflammation and mortification.

FEVER AND AGUE.

Persons exposed to the Malaria of Ague, or if seized with Chills and Fever, will find a positive Antidote and Cure in Radway's Ready Relief. Let two teaspoonsful of the Ready Relief, in a wineglass of water, be taken on getting out of bed in the morning, and however exposed to malaria you will escape.

WHEN SEIZED WITH

CHOLERA, or Diarrhœa, or Flux,
Dysentery, Cramps, and Spasms;
Bilious Cholic, or Gastritis;
Scarlet, Typhoid, or other Fevers;
Influenza, Coughs, or Colds;
Inflammation of the Stomach or Bowels;

RADWAY'S READY RELIEF

SHOULD BE TAKEN INTERNALLY.

One dose will stop the pain; its continued use will, in a few hours, cure the patient.

HOW IT CURES.

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. So swift is the patient transformed from pain, misery, weakness, and decrepitude, to the delightful enjoyment of health and strength, that patients frequently ascribe its talismanic power to the supernatural influence of enchantment.

RHEUMATISM, LUMBAGO, GOUT, NEURALGIA, TOOTH ACHE, CROUP, INFLUENZA, SORE THROAT, QUINZY, DIPTHERIA, HOARSENESS, BRONCHITIS, STIFF JOINTS ENLARGED TENDONS, HEADACHE, (Sick or Nervous,) ASTHMA, or HARD BREATHING.

It is truly marvellous how quick RADWAY'S READY RELIEF cures the sufferers of these maladies. The poor, crippled, and pain-stricken Rheumatic has not to wait days before a change takes place, but in a few minutes derives ease and comfort.

LONDON TIMES.

Twenty Years of Sleepless Nights.

Wm. Sydney Myers, Esq., of Havana, Cuba, the correspondent of the London Times, suffered with Acute and Chronic Rheumatism for twenty-five years, and for twenty years he had not enjoyed one whole night's calm rest. He applied RADWAY'S READY RELIEF—it immediately gave him ease and secured him the first calm and undisturbed sleep during the twenty years. The continued use of the READY RELIEF cured him.

PREVENTION BETTER THAN CURE.

THERE IS NO OCCASION FOR SICKNESS.

When you first feel pain, then take a teaspoonful of the READY RELIEF, in water; or apply it to the parts where you feel the discomfort.

ALL MALIGNANT DISEASES

first give warning of their presence, and if met promptly before they become securely intrenched within the system, will be readily expelled.

SIGNS OF SICKNESS.

Headache, Pains in the Limbs—in the Stomach, Bowels, and Kidneys—Cold Chills, and Hot Flushes, Coated Tongue, Burning Skin, Nausea, Shivering, Dullness, Loss of Appetite, Restlessness, Giddiness, &c., &c., are premonitory symptoms of Malignant Diseases. One dose of the READY RELIEF is sufficient to break up and expel diseased action, and restore the patient to health.

IN THE ARMY.

Dysentery, Bilious Cholic, Flux, Yellow, Typhoid and Malarius Fever, Rheumatism, Small Pox, Diptheria, Letters from Medical Directors, Surgeons, and Military Officers endorse the importance of RADWAY'S READY RELIEF over all other medicinal remedies.

EIGHTH MAINE.

Eighth Maine regiment, Serg't C. P. Lord, writes that Radway's Ready Relief saved the regiment from death while quartered at Tybee Island, S. C., when working in the swamps, erecting fortifications. Every man seized with Typhoid and other Fevers, Fever and Ague, Diarrhœa, Dysentery, Rheumatism, was cured by the use of the Ready Relief.

HOLLOWAY'S PILLS AND OINTMENT—Deranged Stomach, Sick Headache.—Our comfort, happiness, and security depend on the knowledge that most diseases originate from apparently a trifling beginning, and that the large proportion of them spring from inattention to the state of the stomach. Professor Holloway has turned his knowledge to useful account by discovering medicines which cure, without exception, the attendants on disordered digestion. They ward off, likewise, the torturing sick headache. The Ointment should be well rubbed, twice daily, over the stomach, liver and bowels; to them it penetrates, and, aided by the Pills, immediately works a revolution as establishes perfect digestion.

HOLLOWAY'S PILLS.—General debility, low spirits, and nervous irritation, are the consequences of dyspepsia or indigestion. The Pills soon give tone to the stomach, renovate the digestive powers, purify the blood, and give strength to the whole system. Sluggishness of the body and depression of the mind are succeeded by a cheerful activity of the physical and mental functions. Indigestion is the parent of so many evils, and is so common, so universal a complaint, that it is a great blessing that such a remedy as this invaluable medicine should have been discovered. No one need long suffer from indigestion with these Pills at hand.

HOLLOWAY'S PILLS are decidedly the best remedy for all disorders of the stomach and bowels, the liver and kidneys. They act with so decided an effect, and yet so gently, that people of the most delicate constitutions may take them with the most perfect confidence. They do not contain one grain of mercury or other noxious substance, being composed exclusively of rare balsams. They are, therefore, equally safe and efficacious, and as a family medicine, nothing yet invented or discovered can be compared with them for a moment. With these inestimable Pills at hand, together with the printed directions affixed to each box, no other medical advice or assistance can be needed in any ordinary case of sickness.

HOLLOWAY'S PILLS AND OINTMENT—Stomach and Kidneys. Between these two organs there exists a close and intimate relation which is demonstrated by the wasting which occurs in all diseases afflicting the kidneys. The disordered stomach is often the first index of renal irregularity. Holloway's remedies used at that juncture would cut short many a serious and fatal attack. They act with wonderful efficacy on every organ of secretion, but especially do they regulate the stomach, liver and kidneys, in restoring their healthy functions, and casting out any obstructions or impurities. It is necessary for the ointment to be well rubbed into the small of the back twice daily, when it is absorbed, and greatly augments the purifying and salutary influence of the Pills.

HOLLOWAY'S OINTMENT AND PILLS—Palpitation, Shortness of Breath, Dropsy.—This last named disease is often preceded by irregular action of the heart, and difficult respiration which symptoms are always severe, and ever go from bad to worse, unless proper means of cure be resorted to. In Holloway's unrivalled Ointment and Pills the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the steady application of this noble Ointment invariably results in a lasting and satisfactory cure. The two medicines act with such energy on the circulation and absorbent system, that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.
